ACTION ITEMS	
Approved by Shanika Wilson , Seconded by Joseph Morgan	

III. Call to the audience.

DISCUSSION NOTES	Mr. Wilson asked: Who is the decision maker of food quantity orders? Unlucky enough to have the last lunch year after year you consecutively all year, not get the lunch that is on the menu.
CONCLUSIONS	Lunch schedule did not get changed this year but next year the same kids will not be shorted.
ACTION ITEMS	
DISCUSSION NOTES	How often are teachers given the chance to refresh their skills on synergy? I ask because some teachers don't know how to set up gradebook. And some teachers are not using gradebook well. How do grades get put in without a grade even put into Synergy?
CONCLUSIONS	Workshops can be selected on PLT days, Dr. Rodriguez will look into this.

IV. Reports

DISCUSSION NOTES	Principal's Report
CONCLUSIONS	<ul style="list-style-type: none"> * Showing graph and letting us know that Wheeler is a B school for the second year in a row. We are taking strategic measures to keep our growth continuing upward. Teachers are doing an amazing job with these students. * Discipline incident number is dropping but the level of incident severity is moving up. We've had 3 suspensions this year. Trying to do as much to keep kids in the building as possible. * We are an ATSI school, the federal government looks at subgroups and it has been determined that our subgroup of exed is not made adequate progress for 5 years (not counting COVID years) The state will be taking over how we do things. We were a 9, we grew to 14 but need to get to a 22 by the end of this year. * Before break TEP donated 10 new AC units to the school. They were installed in the 3rd hallway. The bond, if it passes will help buy new units in the rest of the school. The blinds in the cafeteria have been installed and look great. * No update on the change of fence area by the bike area.
